### Flag Star Football at Decatur!

Flag Star's after school program provides kids with a safe, uplifting environment where -- no matter their experience levels -- can burn off some classroom energy and have fun in the process! There is a football theme to this party, but we offer so much more.

Our sessions -- ran by our signature brand of charismatic coaches -- aim to build kids up and teach them values along the way (friendliness, compassion, hard word etc.). We run through basic football drills to teach kids fundamentals of the game, along with fun games, competitions and so much more!

This program really is something cool, and -- above all -- a chance for kids to Get Better and Have Fun. So join us for the Fall for some good ol' fashioned ball!
